

PARMA-DITAM Workshop CALL FOR PAPERS

PARMA-DITAM 2024

PARMA 2023: 15th Workshop on Parallel Programming and Run-Time Management Techniques for Many-core Architectures

DITAM 2023: 13th Workshop on Design Tools and Architectures for Multi-Core Embedded Computing Platforms

The current trend towards many-core and heterogeneous accelerator-based architectures requires a global rethinking of software and hardware design, which turn out to be more than ever before strongly entangled.

The PARMA-DITAM workshop focuses on many-core architectures, parallel programming models, design space exploration, run-time management techniques, tools and methodologies designed to fully exploit many-core processor architectures (possibly heterogeneous and reconfigurable) and boost their performance, from embedded to high performance computing platforms and cyber-physical systems.

TOPIC AREAS

The workshop will have seven main topics:

- T1: Parallel programming models, languages, and applications for many-core platforms
- T2: Compiler and virtualization techniques for novel computing architectures
- T3: Run-time modeling, monitoring, adaptivity, power and memory management
- T4: Design of heterogeneous and reconfigurable many-core architectures
- T5: Methodologies, design tools, and high-level synthesis for heterogeneous architectures
- T6: Hardware/software co-design and design space exploration
- T7: Case studies, success stories and applications applying T1-T6

ORGANIZATION

General Chair: João Bispo, Universidade do Porto, jbispo@fe.up.pt

Program Co-Chair: Sotirios Xydis, National Technical University of Athens, sxydis@microlab.ntua.gr

Program Co-Chair: Serena Curzel, Politecnico di Milano, serena.curzel@polimi.it

Publicity Chair: Nuno Paulino, Universidade do Porto, nuno.m.paulino@inesctec.pt

Publication Chair: Luís Sousa, Universidade do Porto, lm.sousa@fe.up.pt

Web+Submission Co-Chair: Daniele Cattaneo, Politecnico di Milano, daniele.cattaneo@polimi.it

Web+Submission Co-Chair: Vittoriano Muttillio, Università degli Studi di Teramo, vmuttillio@unite.it

Steering Committee:

- Giovanni Agosta, Politecnico di Milano, agosta@acm.org
- João M.P. Cardoso, Universidade do Porto, jmpc@acm.org
- William Fornaciari, Politecnico di Milano, william.fornaciari@polimi.it
- Michael Hübner, Brandenburg University of Technology Cottbus-Senftenberg, huebner@b-tu.de
- Cristina Silvano, Politecnico di Milano, cristina.silvano@polimi.it
- Dimitrios Soudris, National Technical University of Athens, dsoudris@microlab.ntua.gr

PAPER SUBMISSION INSTRUCTIONS

Accepted papers will be published online in the Dagstuhl OASICs OpenAccess Series in Informatics. Papers should be submitted electronically through the EasyChair website:

<https://easychair.org/conferences/?conf=parmaditam2024>

The review process will be **double-blind**. Electronic paper submission requires a full paper, up to 10 single column pages, excluding title page and references. Papers should be submitted in PDF format. Please use the following template when preparing your manuscript: <https://submission.dagstuhl.de/documentation/authors#oasics>

IMPORTANT DATES (new)

Paper submission deadline: 17 November 2023 23:59 UTC

Notification of acceptance: 12 December 2023

Camera ready version: 31 December 2023

Workshop: 18 January 2024 (co-located with HiPEAC)
